

## **Naturex awarded for its successful integration of the Nutraceutical Ingredients Division**

Avignon, 8<sup>th</sup> November - Naturex has received the “Best Acquisition” award at the European Outsourcing Awards ceremony organized in Frankfurt as part of the CPhI trade show last week. Naturex has been granted this prize for its successful integration of the Nutraceutical ingredients division into its various business units. This award was given by Francis Dumont, Director of Supply Chain Sourcing of Pfizer. The gala dinner event celebrated outsourcing excellence within the pharmaceutical community and recognized flourishing companies for their outstanding contributions throughout the year.

*“The success of this integration is the result of our dynamic team inspired by the same spirit of reactivity. It is a great honor for us to accept this award. We are pleased that our efforts have been recognised this way”* says Jacques Dikansky, President and C.E.O of Naturex. Driven by customers’ expectations, the integration completed the Naturex portfolio, brought a balanced geographical presence between Europe and the USA and more than doubled the number of plants worldwide.

Naturex is an ambitious and forward thinking company with a long term vision. The group announced a few days before the CPhI the acquisition of Burgundy, a French manufacturer and supplier of plant extracts for the nutraceutical, pharmaceutical and cosmetic industries. This new operation will significantly enhance Naturex offerings in the nutraceutical, pharmaceutical and cosmetic markets.

### **About Naturex:**

*Naturex manufactures natural speciality ingredients for the Food & Beverage, Nutrition & Health and Personal Care industries. Headquartered in France, Naturex employs 1000 people and has 13 production units located in Europe (France, Italy, Spain, Switzerland and England), the United States (New Jersey and California), Brazil, Australia and Morocco. In addition, the group has several sales offices worldwide.*
